Summary

Full stack developer skilled in writing, clean, testable code. Proficient in mobile-first responsive design and test-driven development. Experience with modern tooling and excited to pick up the right tools for the job. I earned a Master's of Science in Finance and a bachelor's degree in economics, and have worked in corporate accounting, financial analysis and education. As a developer I like collaborative teamwork and craftmanship. Outside of work I'm involved in my community, love the outdoors, and spending time with family.
